

## FEATURES AND SPECIFICATIONS

# Voice Cabling System Distribution Boxes

### Features and Benefits

The Molex Voice Cabling system is expressly designed for voice circuits, such as block cabling and PBX inter connections. The Molex voice cabling system provides a complete range of products to facilitate a complete voice cabling system, including; termination modules, mounting frames, distribution boxes, tester interfaces and over-voltage protection.

The Voice Cabling system is compatible with other popular cabling systems enabling integration with legacy systems for expansion or refurbishment projects.

A variety of enclosures are available to house the termination modules and cabling to suit many applications and environments. The enclosures feature module mounting hardware, removable covers for easy access and a secure locking system.

- Available in 20, 30 ,50 ,100 pair configurations
- Removable cover for easy access
- Cable entry seals fits a wide variety of cables (7mm to 30mm)
- Locking system

### Technical Information

Distribution Box: Self extinguishing polycarbonate  
Cable entry seals: EPDM
