Keystone Jack Fascia
22.5 x 45mm Unloaded ❯

The unloaded 22.5 x 45mm Keystone Fascia is specifically designed to accept the Molex Keystone Jack product range.

The angled design reduces patch cord bend radius. The fascia is supplied with an integral spring loaded shutter for dust protection and a labeling window facility. The product is compatible with Legrand Mosiac wall plates (not supplied).

IMPORTANT INSTALLATION NOTE:
For full installation instructions go to the Molex website:
https://www.molexces.com/resource-library/installation-instructions/
