

Features and Benefits

The OMEGA Rack provides a multitude of rack mounting options and cable management features including:

- Compatible with both 19 inch or 23 inch panels and equipment
- Increased depth of side rails allows extra space for routing cables along the inside and outside of the rack
- Side rails are slotted for using Velcro® tie wraps – preferred for securing Category 5 cable
- Accommodates Molex Cable Management Rings (purchased separately)
- Feed-through holes on side rails provide easy access from front to back of rack
- Top cable management trough provides required
- Category 5 cable bend radius management and includes slots for Velcro® tie wraps
